EXPERIENCE

YLYTIC | FRONT-END DEVELOPER

Feb 2023 -- Present | Remote

Front-End: Typescript, Next js, Tailwind CSS

- Transformed complex datasets into interactive dashboards, enabling clients to derive actionable insights and supporting the company's successful first client acquisition.
- Built a Chrome extension to automate creator on boarding from YouTube and Instagram, reducing manual workload and increasing operational efficiency.

Mobile Development: React Native, Typescript

- Designed and developed an influencer on boarding mobile app, streamlining campaign application workflows for brands and creators.

PROJECTS

OATMEAL | EXPO, REACT NATIVE, OPENAI, CONVEX, CLERK, REVENUECAT

- Built an AI-powered nutrition tracking app enabling meal logging through text, voice, and image recognition, with instant macro breakdowns for calories, protein, carbs, fat, and fiber.
- Developed personalized nutrition insights, streak gamification, and AI coaching reports to help users improve consistency, monitor habits, and stay aligned with fitness goals.
- Implemented real-time macro tracking, frequent meal shortcuts, push reminders, and subscription-based Pro coaching using Convex, OpenAI, and RevenueCat.

SNAPFUSE | NEXT JS, AI SDK, STRIPE, CONVEX, CLERK

- Developed an AI-powered SaaS platform enabling eCommerce sellers to generate studio-quality product images, engaging videos, and SEO-optimized product descriptions instantly.
- Integrated advanced AI models for seamless transformation of ordinary photos into professional marketing visuals and social-ready content to boost product visibility and sales conversions.
- Ensured robust backend data management and state synchronization using Convex, combined with secure authentication and user management using Clerk.

THREADS CLONE | REACT NATIVE, CONVEX, CLERK

- Built a mobile social media app clone with real-time thread updates using Convex live queries, ensuring low-latency data sync.
- Implemented secure authentication and user session management using Clerk with social login and access tokens.
